From the enclosed correspondence, it would appear that the Surrey Comr. wanted, that as per para (3) of G. P. No. 9301-19/Int 67-03 dt 8.4.05, the talukas of Nonnali, Sorab & Thirthahalli, should each be provided with a fully qualified Sanitary Inspector and not dy Inspector on a smaller pay. The President however, states that owing to bad finances the Boards are not able to entertain Sanitary Inspectors but that only Asst Sanitary Inspectors could be entertained & that he has already represented the fact to Govt in his letter No. 352/55 dt 18.9.06, which has been recorded in G. P. No 3399-400/San 91-06-2 dt 18.11.06.

Submitted for orders.

MM Sng 27/4/08 It is hard that the District & Municipal Boards which cannot find funds for the entertainment of Sanitary Inspectors should be compelled to appoint Sanitary Inspectors alone instead of Assistant Sanitary Inspectors who would equally answer the purpose. It is not the grade or pay that moved in improve sanitation, but a knowledge of Hygiene &

The Presidents of the District & Municipal Boards may therefore be given the option of appointing Sanitary or Assistant Sanitary Inspectors as funds permit, the rule laid down in Govt order of April 1905 being strictly observed when the scheme is introduced throughout the State

In the case of impecunious Municipalities & Local Boards such a departure may be allowed, but I hardly think that if serious effort were made funds could not be found for this vitally important work. The fact appears to be that the Distt Officers have not adequately realized the importance of the measure & have not therefore co-operated with Govt in carrying it out. I think they should be told that the question of sanitation, I hope, can no longer be delayed & should be considered the foremost item in the organization of the public health Dept
